Complimentary Expo Pass

Expo Plus Pass (\$155)

Thought Leadership Pass
(\$750)

All-In Pass (\$1,100)

Focusing on "Building a Path Forward" for the global semiconductor industry's drive to \$1 trillion and net zero, the event gathers experts and leaders for insights into the latest trends and innovations in sustainability, supply chain management, workforce development, and other critical industry issues.

SEMICON West features exciting networking events, presentations, and exhibits from the electronics design and manufacturing ecosystem, academia, and government.
